# How we've helped our members:

## **CTRM AERO COMPOSITES SDN BHD**

### **The Challenge:**

The company deals with manufacturing as well as development of composite components for both aerospace and non-aerospace segments. Reference to standards relating to aerospace and non-aerospace technology was of paramount importance.

### **The Solution:**

In 2007, CTRM Aero Composites became a member of the SIRIM Technical Library to take advantage of the library's unmatched access to standards and its complete solution for document management.

## **SEPAKAT SETIA PERUNDING SDN BHD**

### **The Challenge:**

Sepakat Setia Perunding Sdn Bhd is a consulting engineering firm providing professional consulting services for transportation, defence, aviation, residential and commercial development. The firm needed to keep up with constant changes and updates in numerous standards.

### **The Solution:**

The firm became a member of the SIRIM Technical Library in 1999 and has by far gained access to over 200,000 national and international standards. By being a member, the firm can refer or buy standards from SIRIM when they are needed.

## **WHAT OUR MEMBERS SAY?**

*"SIRIM Technical Library enables us to be flexible in coping with changes to standards and technical information, which helps us greatly in developing our documentations"*

**Abd. Ghafar B. Mahir**  
Head of Section of TCP &  
Documentation Control  
CTRM Aero Composites

*"Foreign standards such as British Standards have been superseded into many parts, and even a few pages can cost over a hundred Ringgit. We achieve valuable savings by referring to the standards from SIRIM Library"*

**Chew Chuw Keok**  
Head of Library  
Sepakat Setia Perunding  
Sdn Bhd
