SIRIM ACADEMY TOWNHALL AND INTEGRITY TALK

18 JULY 2025

A Stronger Tomorrow Begins with Integrity Today

Highlights from the SIRIM Academy Townhall and Integrity Talk

SIRIM Academy recently held its Townhall and Integrity Talk, bringing together all staff in a meaningful session aimed at reinforcing unity, transparency, and ethical values within the organization.

The event featured an inspiring speech by Nik Sazali Nik Hussin, Chief Executive Officer of SIRIM Academy. He also shared key updates on the Academy's strategic direction, current initiatives, and future goals, while encouraging open communication and collective commitment to the Academy's vision.

The session continued with a dedicated Integrity Talk by The Malaysian Anti-Corruption Commission (MACC), underscoring the role of every individual in upholding good governance and ethical conduct in the workplace.

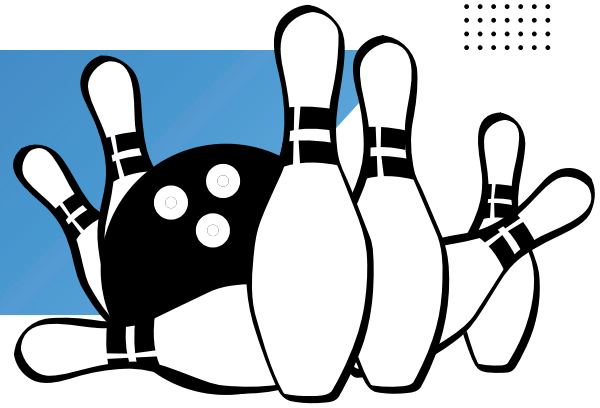

SIRIM ACADEMY BOWLING DAY

18 JULY 2025

Striking Team Spirit Together!

SIRIM Academy Staff Show Their Skills On and Off the Lanes

SIRIM Academy recently hosted a fun and energetic Bowling Day, bringing staff together outside the office for an afternoon of friendly competition and team bonding.

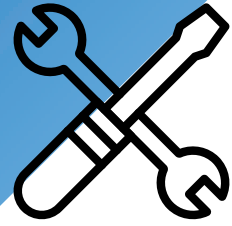

The event was filled with laughter, cheers, and light-hearted moments as participants showcased their bowling skills, cheered on their teammates, and strengthened workplace camaraderie.

This initiative reflects SIRIM Academy's commitment to employee well-being and a positive workplace culture, where shared experiences help foster collaboration and unity beyond the professional setting.

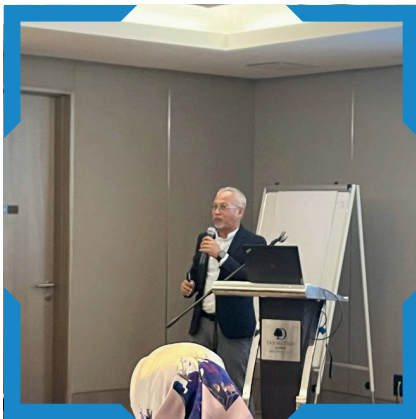

STRATEGIC WORKSHOP ON THE WAY FORWARD OF SIRIM ACADEMY

11 JULY 2025

Charting the Future: Strategic Alignment for SIRIM Academy's Growth

SIRIM Academy recently held a Strategic Workshop on the Way Forward, attended by the Director of SIRIM Academy together with the Management Team. The session served as a platform to reflect, realign, and strategise the Academy's next phase of development in response to evolving industry demands and national aspirations. Through focused discussions and strategic planning activities, the participants explored key areas such as operational excellence, innovation in training delivery, and capacity building.

ACCELERATING CERTIFICATION : FAST TRACK PROGRAMME ISO 37001:2025 ANTI-BRIBERY MANAGEMENT SYSTEM

15 JULY 2025

A collaboration between SIRIM, CIDB & MBAM

SIRIM, in collaboration with CIDB (Construction Industry Development Board) and MBAM (Master Builders Association Malaysia), recently launched the Fast Track Programme on ISO 37001:2025 Anti-Bribery Management System (ABMS).

This focused initiative aims to accelerate the implementation and certification of ISO 37001:2025 among G7 contractors. It marks a significant step towards enhanced credibility, security, and transparency within the construction industry.

VALIDATION ENGAGEMENT FOR OCCUPATIONAL FRAMEWORK GROUP 712

23 JULY 2025

Strengthening Workforce Framework through Technical Insight

SIRIM Academy, in collaboration with Jabatan Pembangunan Kemahiran (JPK), recently conducted the Libat Urus Program which focused on the Validation of Findings for the Occupational Framework Study – Group 712: Testing and Technical Analysis. This engagement session involved selected respondents from the technical field, who provided valuable input to ensure the relevance, practicality, and future-readiness of the national occupational framework. Through interactive discussions and structured feedback, the session aimed to align industry requirements with national skills development standards.

Shaping the Future of Technical Careers: Validation Session for the Occupational Framework Study

30 JULY 2025

Section M – Professional, Scientific and Technical Activities (Division 71)

SIRIM Academy with the Jabatan Pembangunan Kemahiran (JPK), recently conducted another Libat Urus Program – Validation Session for the Occupational Framework Study under Section M: Professional, Scientific and Technical Activities, Division 71: Architectural and Engineering Activities. This session brought together industry respondents and experts to provide critical feedback and insights on the proposed job frameworks. The main objective was to ensure that the occupational structures are relevant, practical, and aligned with current industry demands.
